# COMPANY OVERVIEW

**OURTECH Information Technology Solutions** is a Filipino-owned technology MSME delivering standards-driven ICT, cybersecurity, governance, infrastructure, and digital transformation solutions to public and private organizations.

**Established in 2022 as an ICT supply and delivery enterprise,** OURTECH has evolved into an integrated technology solutions provider **supporting infrastructure modernization, cybersecurity and information assurance, governance and compliance, smart technologies, professional capability development, and specialized technology requirements.**

**Headquartered in Baguio City,** OURTECH combines technical expertise, strategic insight, and a scalable network of professionals and technical partners to deliver secure, reliable, and **assures future-ready solutions across multiple regions of the Philippines.**

# OUR JOURNEY

Built through capability. Strengthened through trust.  
Evolving through innovation.

2022

## ICT SUPPLY & DELIVERY

Began as an ICT supply and delivery enterprise serving government and private organizations.

## GOVERNMENT PROCUREMENT CAPABILITY

Achieved PhilGEPS Platinum membership, strengthening our capacity to serve the public sector.

## ICT INFRASTRUCTURE & SYSTEMS INTEGRATION

Expanded into network infrastructure, structured cabling, surveillance, and enterprise system integrations.

## CYBERSECURITY & INFORMATION ASSURANCE

Deepened our expertise in cybersecurity, risk management, and information assurance services.

## GOVERNANCE, RISK & COMPLIANCE

Developed capabilities in standards-based governance, risk management, and regulatory compliance.

## DIGITAL TRANSFORMATION & SMART TECHNOLOGIES

Embracing IoT, smart monitoring, drone technology, and innovative solutions for modern organizations.

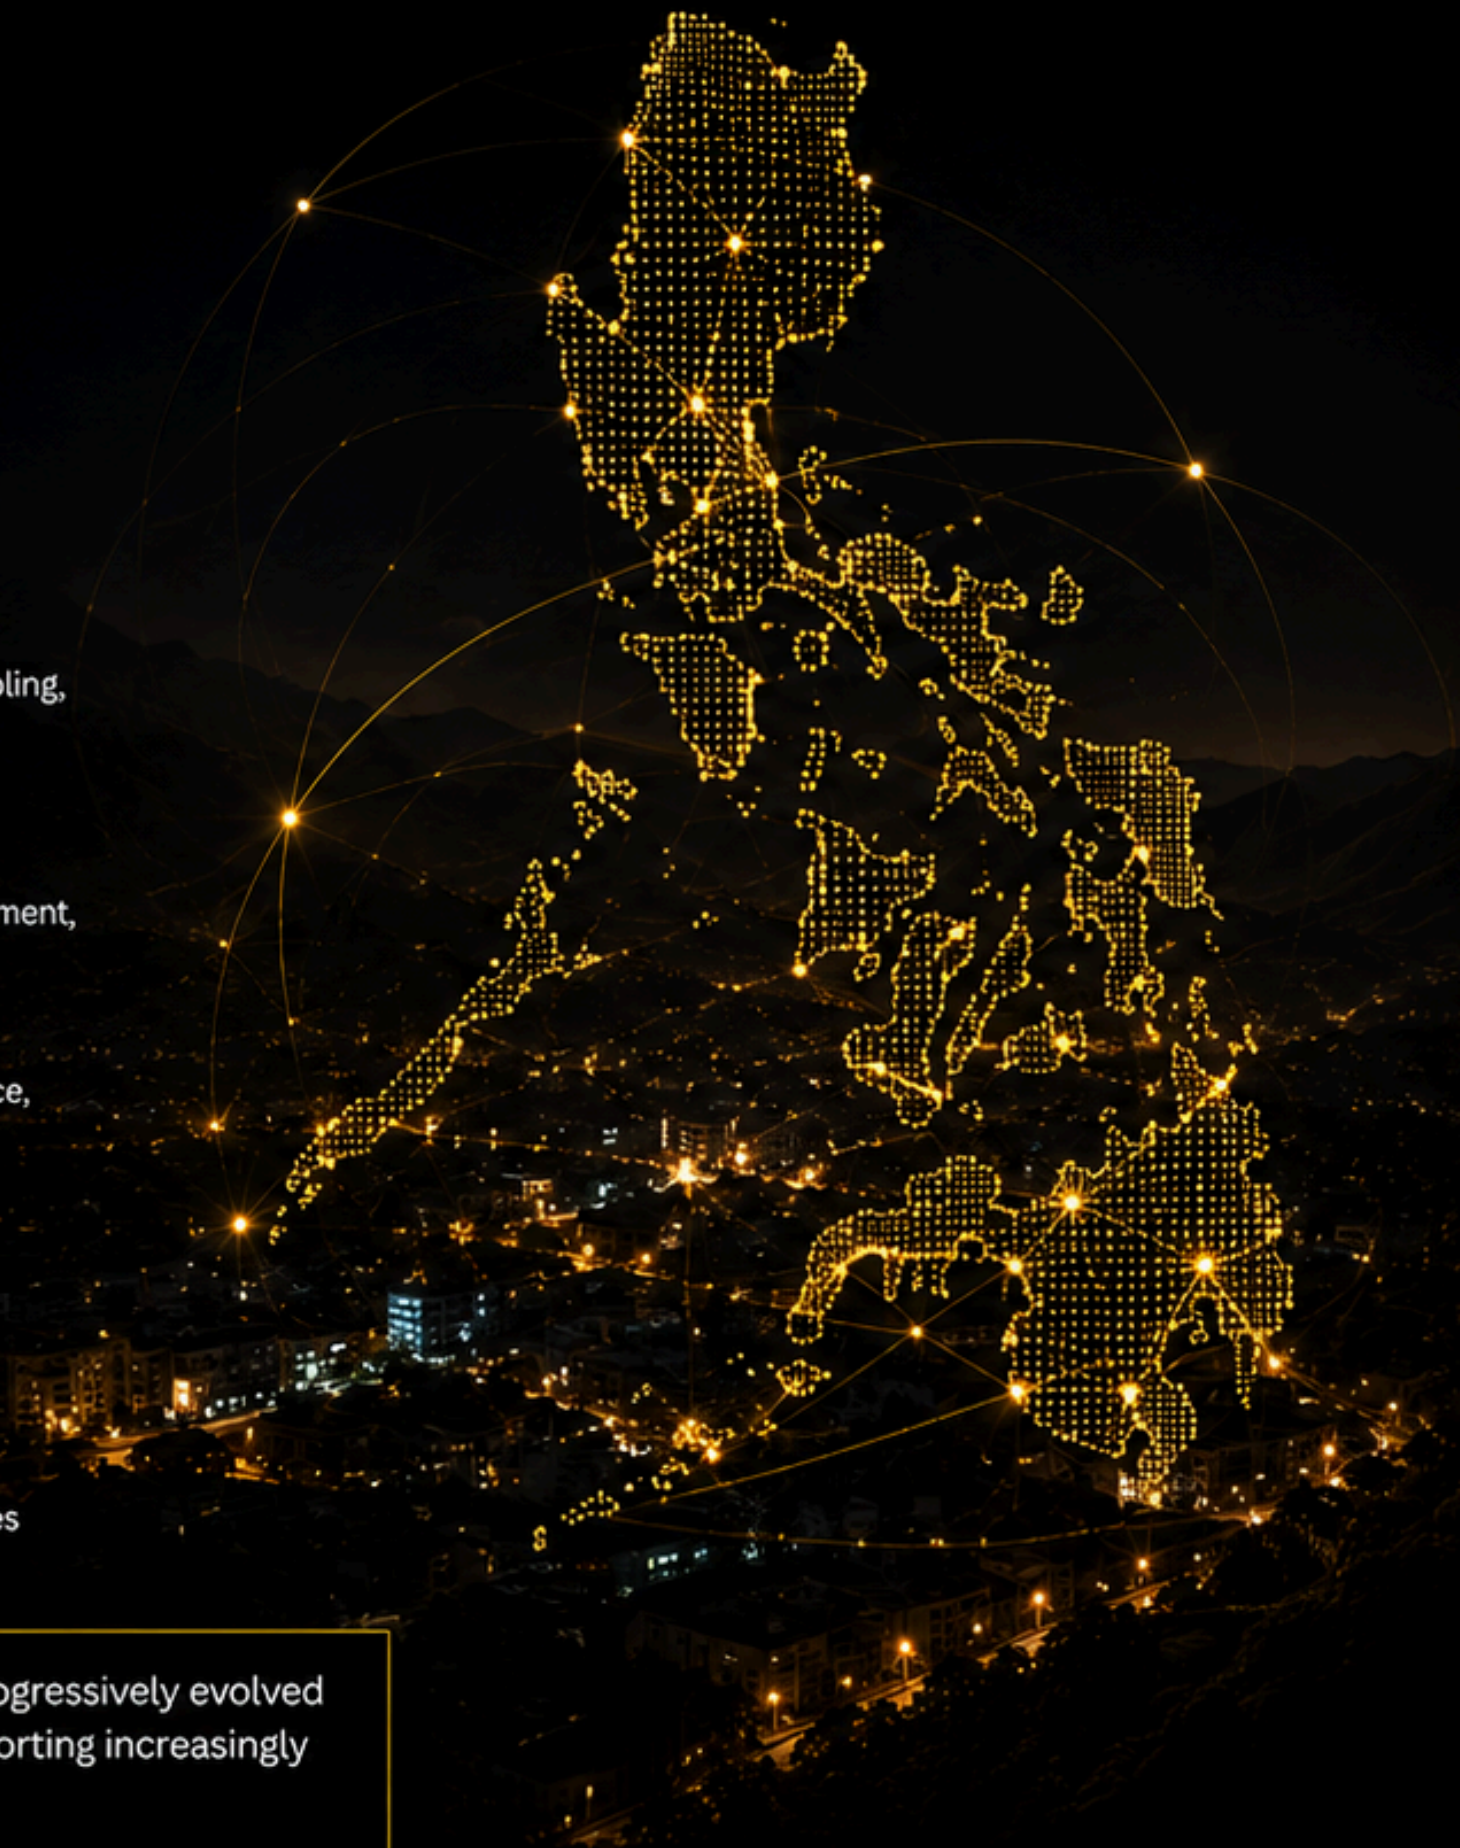

## INNOVATION & SPECIALIZED SERVICES

Continuing to innovate and deliver specialized services that solve real-world challenges.

What began as ICT supply and delivery has progressively evolved into an **integrated technology enterprise** supporting increasingly complex organizational requirements.

## OURTECH AT A GLANCE

2022  
ESTABLISHED

BAGUIO CITY  
HEADQUARTERS

CLIENT FOCUS  
PUBLIC & PRIVATE SECTORS  
Delivering secure, reliable, and future-ready solutions tailored to your needs.

# WHAT DRIVES US

Purpose defines how we grow.  
Principles define how we deliver.

## OUR VISION

To be a trusted technology partner empowering organizations to build a secure, resilient, and future-ready nation.

## OUR MISSION

We deliver innovative and standards-driven ICT, cybersecurity, governance, and digital solutions that strengthen operations, protect information, and create lasting value for our clients and communities.

## OUR CORE VALUES

### INTEGRITY

We do what is right, even when no one is watching.

### INNOVATION

We embrace change and continuously seek smarter ways to create value.

### EXCELLENCE

We deliver high-quality solutions with professionalism and precision.

### SECURITY

We design and deliver solutions that protect, resiliently and responsibly.

### CLIENT SUCCESS

We are committed to our clients' success, building partnerships that last.

“

*Technology is our expertise.  
Purpose is our compass.*

# LEADERSHIP

Guided by experience. Driven by purpose.

**ECEQUIELL C. GABATIN, MIT, LPT**  
**FOUNDER • TECHNOPRENEUR**  
**LEAD CONSULTANT**

An ICT professional, technopreneur, and consultant with extensive experience in technology leadership, cybersecurity, governance, and compliance.

He leads **OURTECH** with a commitment to delivering secure, reliable, and future-ready solutions that create lasting impact for organizations and communities.

**VISIONARY LEADERSHIP**

Driving innovation and strategic direction

**CYBERSECURITY & GRC EXPERTISE**

Building secure, compliant, and resilient organizations

**STRATEGIC CONSULTING**

Turning challenges into sustainable solutions

**LEADERSHIP**

**EXPERTISE**

**CAPABILITY**

**TRUST**

## COMPANY CREDENTIALS & RECOGNITION

Credibility through standards. Trust through capability.

- ✓ Private Enterprises
- ✓ Commercial & Industrial

INFORMATION TECHNOLOGY SOLUTIONS

## ONE PURPOSE. MANY REGIONS. STRONGER TOGETHER.

From the Cordilleras to Mindanao, we bridge distances through technology, expertise, and commitment. Wherever you are, we are ready to build, secure, and empower your future.

We combine **local presence**, **national reach**, and **technical excellence** to deliver solutions that empower organizations and communities across the country.

# AGILE DELIVERY. ADAPTABLE CAPABILITY.

A flexible delivery model designed around the requirements, scale, and complexity of each engagement.

## SPECIALIZED EXPERTISE

Access to multidisciplinary ICT, cybersecurity, engineering, and technical professionals.

## PROJECT-BASED MOBILIZATION

Resources aligned and mobilized according to project scope, location, and implementation requirements.

## TECHNICAL PARTNER NETWORK

Established collaboration with technology specialists, solution providers, and implementation partners.

## MULTI-DISCIPLINARY DELIVERY

Capability spanning consulting, assessment, design, deployment, integration, and technical support.

## SCALABLE ENGAGEMENT MODEL

Flexible support for focused requirements through complex, multi-site technology engagements.

## LOCAL RESPONSIVENESS

Baguio-based coordination with the ability to support engagements across multiple Philippine regions.

## THE RIGHT CAPABILITY FOR EVERY ENGAGEMENT.

OURTECH brings together the appropriate expertise, technology, and implementation resources to respond to each client's unique operational and technical requirements.

# WHAT WE DO

## TECHNOLOGY. ASSURANCE. TRANSFORMATION.

Integrated capabilities that help organizations build, secure, govern, and modernize their technology environments.

### WHY IT MATTERS

Strengthen resilience against evolving threats and risks.

Improve performance, efficiency, and operational reliability.

Ensure compliance and build stakeholder confidence.

Enable innovation and future-ready capabilities.

### BUILD

Build a strong and reliable technology foundation.

- ICT Infrastructure
- Networks
- Structured Cabling
- Fiber
- Wireless
- Communications
- Physical Security Technologies

### SECURE & ASSURE

Protect what matters and assure business continuity.

- Cybersecurity
- Information Security
- GRC
- ISMS
- Data Privacy
- Risk Management
- Compliance

### TRANSFORM

Modernize, innovate, and create lasting impact.

- Digital Transformation
- IoT & Smart Technologies
- Consulting
- Training
- Specialized Technology Solutions

### FROM STRATEGY TO IMPLEMENTATION.

OURTECH brings together advisory expertise, technical capability, and implementation resources to address technology requirements across their lifecycle.

#### FOCUSED SOLUTIONS

Tailored to your unique objectives.

#### TRUSTED EXPERTISE

Delivered by experienced professionals.

#### PROVEN METHODOLOGY

Structured, repeatable, and aligned to standards.

#### COLLABORATIVE PARTNERSHIPS

Working as one team toward your success.

#### SUSTAINABLE IMPACT

Building capabilities that last.

ONE PURPOSE. MULTI-REGION. STRONGER TOGETHER.

# OUR SOLUTIONS PORTFOLIO

END-TO-END CAPABILITIES. INTEGRATED. SECURE. FUTURE-READY.

OURTECH delivers an integrated suite of technology solutions and services that help organizations build strong foundations, secure what matters, and transform with confidence.

## WE HELP YOU:

Build a resilient technology **foundation** that supports your mission and growth.

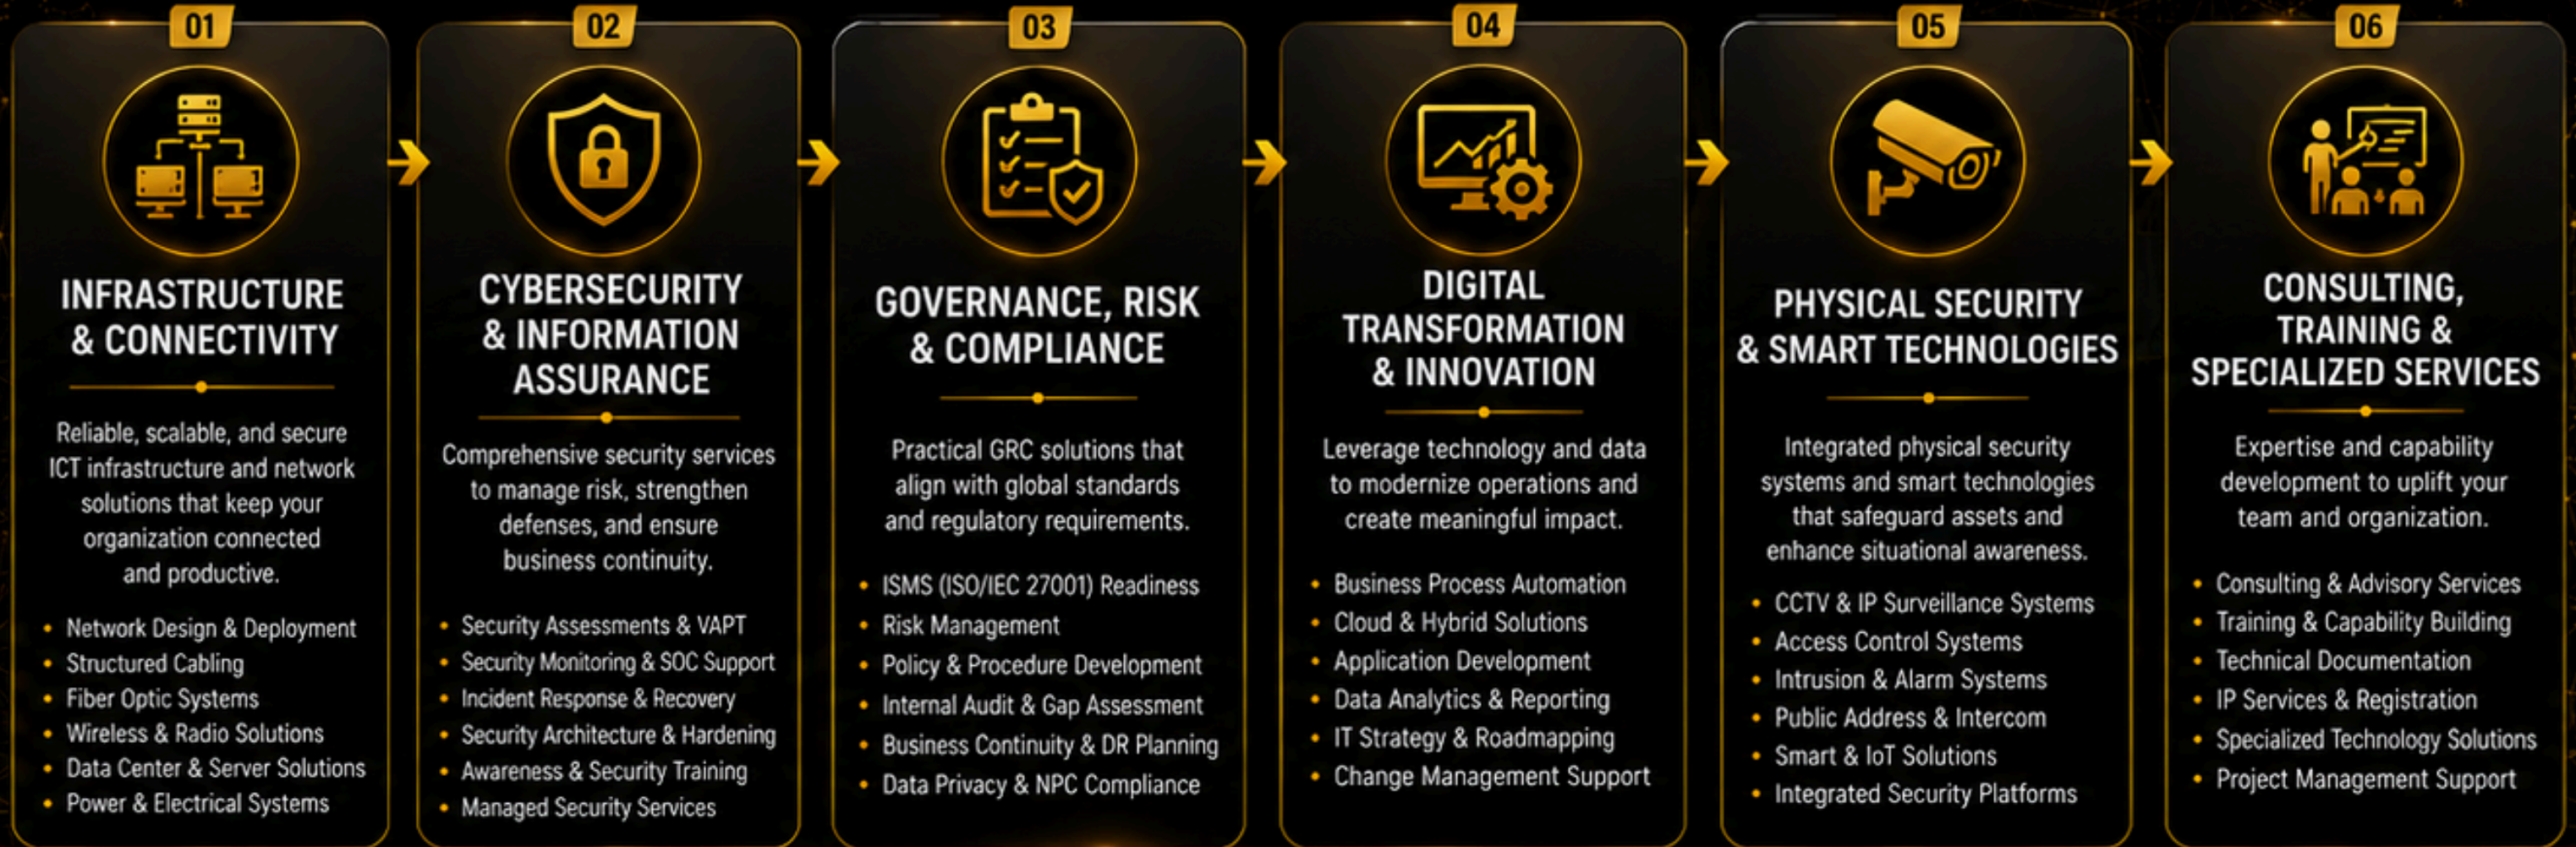

**Protect** your assets, data, and people from evolving threats and risks.

**Improve** performance, ensure compliance, and strengthen operational resilience.

**Empower** your people and drive innovation through the right technology.

## DELIVERING MEASURABLE VALUE

### STRONGER RESILIENCE

Minimize risk and disruption to ensure business continuity.

### GREATER EFFICIENCY

Optimize processes and resources for better results.

### REGULATORY CONFIDENCE

Achieve and maintain compliance with confidence and integrity.

### INNOVATION ENABLEMENT

Adopt the right technologies to drive growth and change.

### SUSTAINABLE IMPACT

Build capabilities and solutions that deliver long-term value.

## ONE PARTNER. INTEGRATED SOLUTIONS.

We bring the right expertise, technology, and commitment to help you achieve your goals—today and tomorrow.

# REAL INCIDENTS. REAL IMPACT. STRONGER WITH OURTECH.

INFORMATION TECHNOLOGY  
SOLUTIONS

Cyber incidents are not theoretical—they happen to organizations every day.  
Here are four true incidents, the impact they caused, and how OURTECH's solutions could have helped prevent them.

## 01 PHILHEALTH RANSOMWARE ATTACK

Philippines | 2023

### THE SCENARIO

Attackers gained access to PhilHealth's systems and deployed ransomware, disrupting key services and compromising sensitive data.

### THE IMPACT

- ⚠️ Disruption of services for members
- 🗄️ Data compromise risk
- 🕒 Operational downtime and financial impact
- 👥 Loss of public trust

### HOW OURTECH COULD HAVE HELPED

- ✅ ISMS implementation aligned with ISO/IEC 27001:2022
- ✅ Vulnerability assessment and security hardening
- ✅ Access control and privileged access management
- ✅ Incident response plan and regular drills
- ✅ Security awareness for employees

### PREVENTION OUTCOME:

Stronger controls could have blocked the attack, reduced its impact, and accelerated recovery.

## 02 DOST EMAIL SYSTEM BREACH

Philippines | 2024

### THE SCENARIO

Unauthorized access to DOST email systems was used for fraudulent transactions and potential data theft.

### THE IMPACT

- 📷 Fraudulent transactions
- 🗄️ Potential data theft
- ⚙️ Operational disruption
- 🛡️ Reputational risk

### HOW OURTECH COULD HAVE HELPED

- ✅ Email security and anti-phishing controls
- ✅ Multi-factor authentication (MFA)
- ✅ Security monitoring and anomaly detection
- ✅ Security awareness and phishing simulations

### PREVENTION OUTCOME:

Stronger email security and user awareness could have stopped unauthorized access.

## 03 SMARTMATIC SECURITY BREACH ISSUE

Philippines | 2022

### THE SCENARIO

A security breach in a server containing source codes raised concerns on election security and system integrity.

### THE IMPACT

- 🏛️ Election security concerns
- 👥 Loss of stakeholder confidence
- 🛡️ Reputational impact
- 🔍 Operational and investigation costs

### HOW OURTECH COULD HAVE HELPED

- ✅ Secure development lifecycle (SDLC) controls
- ✅ Source code & system access protection
- ✅ Security assessments and penetration testing
- ✅ Change management and audit logging

### PREVENTION OUTCOME:

Stronger development security and access controls could have prevented unauthorized access.

## 04 SINGHEALTH DATA BREACH

Singapore | 2024

### THE SCENARIO

Personal data of 1.5M patients was stolen in a cyberattack, affecting appointments and some clinical systems.

### THE IMPACT

- 🗄️ Mass data breach
- 👤 Patient privacy compromised
- ⚙️ Service disruption
- 💰 Loss of trust and potential liabilities

### HOW OURTECH COULD HAVE HELPED

- ✅ Data classification and protection
- ✅ Strong access control and monitoring
- ✅ Regular security assessments and patch management
- ✅ Incident response readiness and business continuity

### PREVENTION OUTCOME:

Stronger data protection and monitoring could have reduced breach risk and impact.

INCIDENTS CAN'T ALWAYS BE PREVENTED. BUT IMPACT CAN BE MINIMIZED. RESILIENCE CAN BE BUILT.

OURTECH helps organizations stay one step ahead.

# FROM RISK TO INTERNATIONAL READINESS

Integrated solutions that strengthen governance, protect information, improve resilience, and prepare organizations for internationally recognized standards.

**OURTECH**  
INFORMATION TECHNOLOGY  
SOLUTIONS

## OURTECH SOLUTIONS PORTFOLIO

Professional. Competent. Aligned to Global Standards. Relevant to Local Needs.

01

### ISMS READINESS & INFORMATION SECURITY ASSURANCE

Assess and strengthen your information security posture to reduce risks and protect critical assets.

- Information Security Gap Assessment
- Risk Assessment & Risk Treatment Planning
- Information Security Policies & Procedure Development
- Security Awareness & Capability Building
- Internal Audit & Audit Readiness

02

### GOVERNANCE, RISK & COMPLIANCE (GRC)

Build strong governance and risk management practices to achieve compliance and accountability.

- Governance Framework Development
- Risk Management Framework
- Policy & Procedure Development
- Compliance Readiness Assessment
- Regulatory Requirements Alignment
- Internal Audit & Compliance Support
- Third-Party & Vendor Risk Management

03

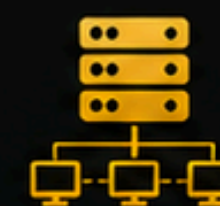

### DATA PRIVACY & NPC COMPLIANCE

Protect personal data and ensure compliance with the Data Privacy Act and NPC requirements.

- Privacy Impact Assessment (PIA)
- Privacy Gap Assessment
- Privacy Policies, Manuals & Registers
- DPO Support & Coaching
- Privacy Awareness & Training
- Breach Preparedness & Response
- NPC Compliance Support

04

### RESILIENT ICT & INFRASTRUCTURE READINESS

Enhance the availability, reliability, and resilience of your ICT environment and operations.

- ICT Infrastructure Gap Assessment
- Availability & Redundancy Planning
- Structured Cabling & Network Design
- Physical Security Assessment
- Power, Cooling & Environmental Considerations
- Business Continuity & Disaster Recovery Planning

05

### ISO/IEC 27001:2022 IMPLEMENTATION & CERTIFICATION READINESS

Implement a robust ISMS and prepare with confidence for independent certification.

- ISO/IEC 27001:2022 Implementation Guidance
- ISMS Documentation Development
- Risk Assessment & Treatment
- Statement of Applicability (SoA)
- Internal Audit & Management Review Preparation
- Certification Audit Readiness (Stage 1 & Stage 2)

# FROM INFRASTRUCTURE TO INTELLIGENCE.

Integrated technology environments designed around real operational requirements.

OURTECH delivers end-to-end ICT infrastructure and technology solutions that connect, protect, and empower organizations.

From the backbone to the edge—built for performance, reliability, and scalability.

**OURTECH**  
INFORMATION TECHNOLOGY  
SOLUTIONS

## RELIABLE & SECURE

Engineered for security, uptime, and business continuity.

## HIGH PERFORMANCE

Optimized for speed, capacity, and efficiency.

## INTEGRATED SOLUTIONS

Working together as one seamless ecosystem.

## SCALABLE & FUTURE-READY

Built to adapt and grow with your organization.

01

## NETWORK & CONNECTIVITY

- ✓ Enterprise Networking (LAN/WAN)
- ✓ Wireless Solutions (Wi-Fi)
- ✓ Point-to-Point / Point-to-Multipoint Links
- ✓ Network Modernization & Optimization
- ✓ Routing, Switching & Firewall Solutions

02

## STRUCTURED CABLING & FIBER OPTICS

- ✓ Structured Cabling Systems
- ✓ Fiber Optic Installation (SM / MM)
- ✓ Backbone & Horizontal Cabling
- ✓ OSP/ISP Deployment
- ✓ Testing, Certification & Documentation

03

## PHYSICAL SECURITY & MONITORING

- ✓ CCTV & Video Surveillance Systems
- ✓ Access Control & Time Attendance
- ✓ Intrusion Detection & Alarm Systems
- ✓ Centralized Monitoring Solutions
- ✓ Design, Supply, Installation & Support

04

## COMMUNICATION & COLLABORATION

- ✓ VoIP & IP Telephony Solutions
- ✓ PBX / IP-PBX Systems
- ✓ Unified Communication Solutions
- ✓ Call Center & Contact Center Systems
- ✓ Integration with Mobile & Remote Users

05

## IOT & SMART TECHNOLOGIES

- ✓ IoT Device Integration
- ✓ Environmental & Operational Monitoring
- ✓ Energy & Asset Monitoring Solutions
- ✓ Smart Building & Campus Solutions
- ✓ Custom IoT Applications

**THE OURTECH  
DIFFERENCE**

## NEEDS-DRIVEN SOLUTIONS

We design based on your real operational needs.

## QUALITY ENGINEERING

Industry standards, best practices, and proven methodologies.

## RELIABLE PARTNERSHIPS

We work with trusted global brands and technology partners.

## END-TO-END SUPPORT

From design and deployment to maintenance and continuous support.

## BUILT FOR CONTINUITY

Solutions that ensure uptime, security, and business resilience.

“Infrastructure is the foundation.  
Intelligence drives the future.  
We build **both**.”

# FROM COMPLEXITY TO CLARITY.

TECHNOLOGY IS ONLY PART OF THE SOLUTION. PEOPLE, PROCESS, AND PURPOSE MAKE IT WORK.

At OURTECH, we don't just deploy technology—we partner with organizations to understand their challenges, build their capabilities, and deliver solutions that create lasting impact.

From the first conversation to long after project completion, we walk the journey with you.

**OURTECH**  
INFORMATION TECHNOLOGY  
SOLUTIONS

## 01 CONSULTING & ADVISORY

We start with understanding.

Every organization has a unique story, and so do their challenges. We **listen** first—mapping your risks, processes, and goals to uncover what truly matters. This **clarity** becomes the foundation for solutions that are practical, relevant, and aligned with your mission.

## 02 CAPABILITY DEVELOPMENT

We build knowledge that lasts.

Technology is only as strong as the people who use it. Through tailored training and capacity building, we **empower** your teams to think securely, act responsibly, and innovate confidently—creating a culture that **sustains improvement**.

## 03 SPECIALIZED SERVICES

We go beyond the obvious.

From governance and compliance to intellectual property support, we provide specialized services that address critical but often overlooked needs—helping you stay ahead of requirements and **protect what matters** most.

## 04 TURNKEY IMPLEMENTATION

We deliver solutions that work.

We design, integrate, and implement end-to-end ICT solutions with precision and care. Our turnkey approach ensures everything **works together**—on time, on budget, and built for reliability.

## 05 DICT-TRUSTED ASSESSMENT

We help build a secure and resilient Philippines.

As a DICT-Accredited Trusted Assessment Provider for ISMS, OURTECH supports organizations in strengthening their cybersecurity posture, governance, and compliance in alignment with national standards and the NCSP 2023–2028.

**TRUSTED BY DICT.**  
**COMMITTED TO A SECURE**  
**AND RESILIENT NATION.**

OURTECH is proud to be accredited by the Department of Information and Communications Technology (DICT) as a **Trusted Assessment Provider for Information Security Management Systems (ISMS)**.

This accreditation recognizes OURTECH's competency, integrity, and commitment to help organizations establish, implement, and continually improve their ISMS in accordance with ISO/IEC 27001:2022 and DICT standards.

As a DICT-TAP, we play a direct role in strengthening the country's cybersecurity ecosystem by helping:

### DTIPs

Meet regulatory requirements, manage risks, and build secure, resilient digital infrastructures in support of the Konektadong Pinoy Act.

### NGAs

Enhance information security governance, protect critical information, and ensure continuity of essential government services.

### LGUs

Strengthen local systems, safeguard citizen data, and build trust through secure, transparent, and efficient digital governance.

Through assessment, advisory, and capacity building, OURTECH empowers organizations to identify gaps, address risks, and achieve sustainable improvement—driving a **safer digital future** for every Filipino, everywhere.

**OUR PROMISE:** We combine expertise, integrity, and innovation to deliver solutions that create real value and measurable results.

**Your mission is our mission.**

Information Technology Development Center (ITDC)  
Office of the Vice President for Digital Transformation (OVDPx)  
University of the Philippines System

# PARTNERSHIPS THAT CREATE REAL IMPACT.

*Advancing cybersecurity, strengthening governance,  
and building resilient organizations.*

OURTECH's engagements demonstrate our capability to deliver practical, standards-aligned and outcome-driven initiatives for government and academic institutions—helping them address real risks, enhance controls, and build long-term resilience.

## Advancing Cybersecurity Capability in the UP Education System

We successfully conducted a 3-day Cybersecurity Workshop for the UP Education System, attended by 37 participants from the UP System, including the UP Visayas DIC Director, UP PGH IT Office Chief, UP Tacloban Office of the System Administrator, and representatives from UP constituent universities and the UP Intelligent Systems Center.

## Strengthening Cybersecurity Posture for Key Government Institutions

We likewise supported the Department of Public Works and Highways (DPWH), PhilHealth, and the Presidential Management Staff (PMS) in their Cybersecurity Posture Assessment activities, strategically utilizing the NIST Cybersecurity Maturity Assessment Framework to evaluate capabilities, identify gaps, and recommend actionable improvements.

## Beyond Assessment — Toward Sustainable Improvement

Through these engagements, OURTECH continues to help organizations establish stronger governance, smarter risk management, and more resilient information systems—contributing to a safer and more secure digital Philippines.

**DIFFERENT SECTORS. DIFFERENT CHALLENGES. ONE COMMITMENT.**

*From discovery to implementation, OURTECH stands as a trusted partner in building institutions that are prepared, protected, and future-ready.*

# WHY OURTECH?

BECAUSE TRUSTED CAPABILITY CREATES LASTING IMPACT.

In a world where cyber threats evolve daily and technology shapes every mission, organizations need a partner they can rely on—one that understands risks, strengthens resilience, and delivers solutions that truly work.

**OURTECH** brings together technical excellence, governance expertise, and a commitment to integrity to help institutions build secure, efficient, and future-ready environments.

## INTEGRITY FIRST

Upholding transparency, ethical standards, and professional excellence in everything we do.

## PEOPLE-CENTERED

Empowering teams and building capabilities that drive meaningful and sustainable change.

## RESULTS DRIVEN

Focused on delivering measurable outcomes that create real value for our partners.

## FUTURE READY

Continuously learning, adapting, and innovating to stay ahead of emerging challenges.

**BUILD. SECURE. ASSURE. TRANSFORM.**  
TOGETHER, WE BUILD A SAFER DIGITAL FUTURE.

YOUR MISSION IS OUR MISSION.  
**YOUR SUCCESS IS OUR COMMITMENT.**

# THANK YOU

We sincerely appreciate your time and consideration in learning more about  
**OURTECH** Information Technology Solutions.  
We value the opportunity to collaborate, contribute, and create lasting value through  
trusted partnerships, meaningful solutions, and a shared commitment to building  
a secure and resilient future.

“ Technology should create confidence, not complexity. ”

OURTECH was built on a simple belief: organizations deserve technology partners who  
understand not only how systems work, but why they matter.

As we continue to grow, our commitment remains the same—to approach every engagement with  
integrity, professional competence, and respect for the organizations that place their trust in us.

Whether strengthening information security, developing infrastructure, building organizational capability,  
or navigating emerging technologies, our role is not simply to deliver a solution.  
It is to help our clients make better, more resilient technology decisions.

**We look forward to building what comes next—together.**
